

Queensbridge Primary School-SEND and Inclusion

Queensbridge Primary School is a growing school which is located in the London Borough of Hackney. We are a happy and thriving community School, where everyone is valued and plays an important part of our school community.

Through this document you will see just a small glimpse of the varied support that is available for SEND pupils with all aspects of school life!

A range of professionals come into school to offer a variety of additional support. Such as Speech and Language therapists, Educational Psychologist, specialist teachers, art therapist etc. They work with the SENCO, children and staff to ensure that children are exposed to high quality support throughout the school day.

Sensory Room-some of our pupils benefit from being able to access our bespoke sensory room. Some children will have timetabled sessions throughout their day.

Some children benefit from being part of interventions; these are small groups which help the children to address a particular need or difficulty. They are run by various trained members of the school staff.

The School has a dedicated team of Learning Mentors who work closely with all school staff to address the pastoral needs of our children. All children are encouraged to become an integral part of the school community making choices which support their learning and that of their peers.

In the school the progress of all pupils with SEND/additional needs are monitored closely by class teachers, support staff and the Inclusion team. Termly target setting meeting with the SENCO are held with parents/carers to discuss progress and celebrate success.

There are different levels of SEND support offered to pupils in all schools. SEN support means that children are taught through quality first teaching. Some children will need greater support and will be eligible to apply for an Education Health Care Plan. The SENCO is available to discuss any specific queries with any parents/carers.
